## THE AUTOMOTIVE REPAIR INDUSTRY HAS SPECIAL COMPUTING NEEDS..... ARE YOURS BEING MET?

### We provide the services you need:

#### Preventative Maintenance

Look inside your computer. Odds are it is packed with dust, dirt and filth. **Prevent system crash and data loss with our "Clean Sweep" process.** We fix problems before they start.

#### New Installs & Upgrades

Your computing needs change constantly. New software that needs new hardware. New employees that need new equipment to do their jobs. New partners that demand new applications. **We know your needs because automotive computing is all we do.** We have used your software. We have worked with your vendors. We have written estimates and opened repair orders. Can any other "computer guy" say that?

#### Consulting

Because we have over 20 years of experience managing Body Shops, Service and Parts Departments, we can offer specific advice rooted in the everyday world. **Use us as your sounding board.** We are your business partner. We are on your side.

#### Pricing

You get what you pay for in business, but **our rates are among the most competitive** in the computer industry. We will tailor a plan for every size and every budget.

#### Our Tool Box Includes:

#### Service Menu

On-site maintenance and cleaning of your servers and workstations as needed. No contracts. **No hassles.**

If your system crashes, we will be there. In person, on the phone or via the Internet, we will get you **back to business, fast.**

All hardware and software is custom configured. We set it up **your way.**

Servers, networks and cabling designed to **meet your needs** and the needs of your business.

Either we can supply the hardware and software, or you can. Our key is flexibility. **We treat each client as an individual.** You will never be forced into a mold.

#### Our Guarantee To You

**We guarantee your confidentiality. Your business stays your business.**

**If your network goes down, we will be there in less than 2 hours.**

**If a workstation goes down, we will be there in less than 4 hours.**

**If you get our voice mail, we will call you back in less than 10 minutes.**

**We will never exceed our written quotes or estimates.**

**We will leave your workplace cleaner than we found it.**

**IF WE FAIL TO DELIVER ON OUR PROMISES ALL TRAVEL FEES WILL BE FREE, AND WE WILL MAINTAIN YOUR SYSTEM FREE FOR 3 MONTHS.**
